Lusso and Bola in Use. Ever since Buffalo Bill's "Wild West" show was here, about two weeks ago, the Council Bluffs boys have been steadily getting the fever for throwing lasso and the South American bola. Bicyclists, street car conductors, dogs, cats, little sisters and family ponies and the milch cow have all been attacked by the youthful aspirants to wild west honors. Harry Mann was riding peacefully down Broadway Monday evening when there was a sudden whirr above his head, and in a second he found himself jerked from his wheel and landed on the granite pavement. His captor then took fright at his success and ran away, leaving the lasso hanging about the prostrate wheelman. The police have been appealed to. #### WHY LADIES LIKE COFFEE.

Though Many Admit It Hurts Them. Many ladies have so great a liking for coffee for breakfast that the meal seems flat and unsavory without it, but the muddy complexion which is almost a sure accompaniament, is a great trial, and the question is seriously discussed many and many times over in one's mind whether it is possible to give over the coffee and gradually get back the lost complexion or keep on with the coffee and get on with the bad skin and make the best of it.

The disordered stomach and liver sometimes bring on more serious troubles. To quit the use of coffee is the only true relef, it contains the same poisonous alkaloids as tobacco, strychnine and morphine, although less in volume. One can use the delicious hot food drink, Postum Cercal, at meals and never miss the coffee. It browns the deep seal brown of Mocha and takes on the rich golden brown of Java when cream is added. It is made by the Postum Cercal Co., Lim., of Battle Creek, Michigan, purely and wholly of the nour-lishing grains intended by the Creator for man's subsistence. The pungent taste so well liked in strong coffee is retained in Postum.

Nature quickly recovers when coffee is Though Many Admit It Hurts Them.

Well liked in strong coffee is retained in Postum.

Nature quickly recovers when coffee is left off and the natural health coffee is used in its place. Healthful sleep is again enjoyed and nerves, stomach, liver, bowels and heart cease their complaining when the disturbing cause is withdrawn.

These are great big live facts worthy the attention of any one who cares for the exquisite fun of being perfectly well.

Beware of the fraudulent imitations of the original Postum Cereal Grain Coffee. Insist on Postum. For sale by Adolph Brown, Courtney & Co. and Sommer Bros.

EARNESTLY BATTLE AGAINST BRYANISM

Local Representatives of Jeffersonian Simplicity and Jacksonian Honesty Get in the Game with

The national democratic party local organization flung to the breezes yesterday the largest flag in the city. It is an 8x20 bit of genuine bunting, with the lower end of it weighted by a white bar bearing in large letters the names of Palmer and Buckner. The flag is hung from the top of the new Odd Fellows' building to the roof of one of the tall buildings on the opposite side of the street. It is one of the most conspicuous objects on the street, and also a most pleasant one to about a thousand of the staunch old line democrats who have repudiated Bryan and Altgeld, and were halting between two opinions in the early part of the campaign-whether to vote for McKinley or not vote at all.

The national democrats represent the very best element of the party in the county and city, and as the campaign draws to a close are becoming more enthusiastic and active. They number every old wheelhorse and leader in the party, and they have organ-ized and are conducting a strong campaign. The first rally will be held in the Odd Felows' temple on Thursday evening. Among the vice presidents of the meeting will be distinguished men, among whom are Euclid Martin, W. D. McHugh, Lee Sprai-tin and Dr. George L. Miller of Omaha, W. J. Burke of Missouri Valley, W. E. Mrs. Sackett-Fitzgerald's Experience with the Irish Aristocracy.

Mrs. Sackett-Fitzgerald is in a quandary. About three weeks ago she stood under the hanging lamp at her parlor in the Rink barn building and promised to love and obey Edward Fitzgerald while Rev. Stephen Phelps recorded her vows. Now she doesn't know where she is at, or rather as she herself histrionically expresses it, "The wretch! the wretch! How could he do it? And I might be the twenty-eighth." There is a significance in her estimate of the matonial probabilities of Lord Edward Glendelaugh, County Wicklow, Ireland, as it was on September 28 that she married him. Since then she has made every preparation to go to her estates, but has not gone. Lord Edward has failed to materialize at the appointed time, and all she has left of the proceeds of her furniture, which she turned over to his lordship, is a badly

tarnished wedding ring.
"I had perfect faith in him," she explained to a friend yesterday, "and it was not shaken until my wedding ring began to tarnish. That was the first suspicion I had that everything was not right, but still I trusted him. Oh, the wretch! the

wretch!"
What Mrs. Fitzgerald is most worried over is the humiliation that the perfidy over is the heir has brought upon her, and she positively refuses to be at home to any one but her most intimate nds. The statement she made about estates and family diamonds is the friends. last, she positively declares, she will make for publication. Under the pretext of needing money to prosecute his claims to his Irish estates Fitzgerald managed to get some money from her. She stated yesterday that she gave him \$25 at one time, of which her son, Harry, furnished \$10. To some of her friends she stated that it was \$70 that Lord Edward had been sent at various times to Omaha and Lincoln, where he was presumably working for a Chicago paper. At the time she made the disclosure of her good fortune, and before the ring began to tarnish, she explained that she had to sell all her furniture except enough to furnish an elegant room for her son

Monday afternoon Mrs. Fitzgerald went bodge street. There she got an explana-tion for the discoloration on her wedding ring. Closer examination disclosed the fact that it was a cheaply plated counter-feit. Mr. Ely had seen the accounts of Sackett-Fitzgerald's marriage to an lord and it set her to thinking. She also had an Irish lord of that name ready to wed her. This was to occur last Sat-urday. He failed to show up, but ap-peared Monday. His game had been discovered in the meantime and the lady of his choice was waiting for him. She had, like Mrs. Sackett, sold her furniture and was preparing to go to Glendelaugh, County Wicklow. An effort was made by Mrs. Ely to have him arrested, but he managed to get away. She and Mrs. Sackett-Fitzgerald have not been able to console each other, and the lady on this side of the river was suffering so that one of her friends at her home announced last evening that she was confined to her bed because of nervous

Dynamite Used to Clear Away a Dangerous Drift in Mosquito Creek. Yesterday afternoon shortly after 2 o'clock a gang of dynamiters might have been seen (in fact were seen) wending their way toward the big county bridge over Mosquito creek, on the road leading to the Iowa School for the Deaf. They had ten sticks of dynamite, an electric battery and the regulaamount of determination (which they carried on their faces.) The leader of the party was a gentleman. whose face, form, figure and age are identi-cally the same as those of Maximo Gomez, the Cuban revolutionary leader, and when the fact became known that they carried a lot of dynamite everybody but bleyele rid-ers got out of the way. Casualties were confined chiefly to the latter, and the vic-tims were Victor Bender and A. T. Flick-

The men with the dynamite were Colone

Baker, county supervisor, C. E. H. Campbell of the Milwaukee Bridge company and several other gentlemen interested in the preservation of the big bridge over the creek. A lot of drift and debris from farmyards had lodged above the bridge at a point where it was deflecting the current from the center of the stream and sending it against one of the embankments at the and gave himself up to the sheriff. bridge. It was necessary to remove the obstruction to prevent the stream cutting away the bridge approach. Charley Campbell undertook to do it in the quickest and most efficient way by the use of dynamite. Colonel Baker, as a representative of the county board, was required to be present, and the other members of the party were there to see the fun. Ten sticks of dynamite were used, and it was fired in three charges. Fioles were made in the drift and the cartridges sunk several feet beneath the sur The small wires leading from the detonating fuses were connected with the mair wire leading to the battery 100 feet away. When all was ready Mr. Bender and At orney Flickinger came along on their wheels and stopped on the bridge to see the result of the explosion. A part of an old wagon wheel that lay on the summit of the drift was sent down into Sarpy county, Nebraska. The lighter drift arose and spread itself out in the upper strata of the atmosphere, fol-lowed by a volcano of mud. One large, round, soft, julcy disk of good rich mud sailed 100 feet through the air and slipped gracefully over Flickinger's head until it rested upon his shoulders. Another piece equally well lubricated found a comfortable esting place on the saddle of Bender's biyele. The other members of the party were the vicinity of the battery and were enloying themselves dodging the chunks of a little of everything that were raining down upon them. When things settled down examination showed that nothing was left of the drift but the hole where it had been sticking. The remainder of the dynamite was fired in an effort to blow up the hole. The success of the plan has made Colonel Baker an enthusiastic advocate of dynamite, and he feels more than ever like General Gomez looks.

TRIO OF DIVORCE CASES FILED.

Petitions in District Court Disclose Considerable Marital Infelicity. Veleria Marquardt has filed a petition for divorce against her husband, William Marquardt. The wife states that she was mar ried in Hamburg, Germany, May 25, 1871. Since then the husband, she claims, has forgotten his promises to be a good helpmate and has abused her in various ways. In her petition Mrs. Marquardt mentions that he kicked her, threw a stick at her, threatened to kill her and manifested his ungovernable

temper in numerous ways.

The city council met as a committee o the whole yesterday afternoon for the purpose of reaching a definite conclusion in the matter of the sewers on Graham and Madison avenues, which had been ordered as a part of the First street sewer. J. E. Rev. one of the heaviest property owners on Madison avenue, was present and an-nounced to the council that if the city would consent to cut out the sewer on his street or postpone its construction for two years would consent to sign a waiver relieving the city of all liability in the matter and would agree to pay his pro rata share of the cost of the First street sewer, and that he believed all of the other property owners would also consent to the same proposition. The pro rata share of each fifty-foot lot, if the Madison and Graham avenue sewers are not constructed, will only be about \$5, or \$16.75 if the smaller sewers are built.

### STEAMER CAST ON THE ROCKS

Pacific Coast Vessel Arago is Wrecked While Crossing the Bar.

BOAT CAPSIZES AND TWELVE DROWNED

Disaster Occurred at a Spot Where Waves Are Treacherous, but Where Harbor Improvements Have Lessened Former Dangers.

MARSHFIELD, Ore., Oct. 20 .- The steamer Arago, owned by the Oregon Coal and Navigation company, from Coos bay for San Francisco, was carried by the current and driven on the rocks of the jetty at Coos head today. She will be a total loss. In attempting to land a boatload of passengers and crew the boat was capsized. Twelve were drowned, four passengers and eight of the crew, of which the following is a partial list; E. M. M'GRAW of Coquille City, passen-

JOHN NORMAN of Marshfield, passonger

RICHARD WALTERS of Oakland, passen-Of the ship's crew the drowned are:

M. P. WHITTLE of San Francisco, fire

ERIC WALL of San Francisco, fireman RICHARD PATTERSON of San Franisco, steward

A. FERNANDEZ, chief cook W. E. BROWN, chief engineer, J. KRUGER, sailor. HARRY SANDERS, sailor.

The accident occurred during a heavy fog. All that is left of the steamer to be seen is two spars projecting upon the ocean beach. The survivors were brought to Empire City on the tug Columbia. None of the bodies of the lost were recovered. Arago was built by the Union Iron works in 1885. Her gross tonnage is placed at 947 tons. The craft has long been in the coasting trade and is one of the best known boats in this port. Of late years sh has been engaged as a collier, carrying coal from Coos bay ports to this city. She was commanded by Captain Reed, a competent and careful navigator. Her full comple-

ment of men and officers was twenty-six.

At this season of the year the Coos bay bar, as it is known, is usually not very rough, though at times, if the wind is in the right quarter, the seas roll mountain During October and November it is high. very difficult to tell just how the bar may act, and navigators always approach the entrance to the bay with more or less trepidation. Before the jetties were constructed Coos bay bar had gained the reputation of being one of the worst bars on the coast, not excluding the once treacherous entrance to Humboldt bay. The improvements in of the harbor, however, have greatly reduced the dangers that once existed.

Boxers Arrested After the Fight. NEW YORK, Oct. 20 .- The winter boxing eason of the Brooklyn Athletic club was inaugurated by a good card. The opening bout was between Jimmy Tullet and Fred bout was between Jimmy Tullet and Fred Mayo, two local bantams. Mayo was given the decision. The second bout brought on Sam Bolen, colored, of New York and Con Dugan, of Brooklyn, for ten rounds, at 128 pounds. The referee declared Bolen the winner. Tommy Butler of Brooklyn and Kid McPartiand, the "stars," were next called. It was a rattling mill while it lasted. In the second round, McPartiand put Butler out with a right uppercut under the chin. As soon as Referee Robinson decided in favor of McPartland, Butler was helped to his corner, but he was never at any time insensible. Policemen jumped into the ring and placed both boxers under arrest. They will be arraigned tomorrow.

Lavinge and Everhart Next. Saginaw, Mich., and Jack Everhart of Nev Orleans, will box twenty-five rounds at 128 pounds, for the world's championship at the Bohemia Sporting club, in this city, on next Tuesday night. Both pugillists are said to have trained faithfully, and a first-class contest is looked for contest is looked for.
